

Dear Friends

We are delighted to invite you to join us in South-West France in June of 2025 for this residential symposium, offering a rich programme of presentations, meditative sessions and exchanges around 21st Century Kabbalah.

We will contemplate the Kabbalistic principles of the Tree of Life, meditate with sacred Hebrew texts and explore our personal creativity to deepen our experience of embodying Creation. The week-long conference is set amidst the tranquil gardens, lakes and woodlands of the Domaine of Forge In France. The traditional buildings have been beautifully restored and the extensive private grounds allow us to be completely immersed in the beauty and peace of the natural world during lush, early summer.
